## Securing Direct+ Documentation Site

September 4, 2024

Dear Colleagues,

### What's happening:

In our commitment to maintaining the security of our solutions and support resources used by our clients and partners, Dun & Bradstreet will be implementing new safeguards for our Direct+ documentation site and developer resources. The [D&B Direct+ Documentation](#) provides technical materials and resources for D&B Direct+ standard products, and D&B Direct+ Data Blocks.

### What you need to know:

Effective September 25, 2024, the [D&B Direct+ Documentation](#) site will be placed behind a secure login. Due to this change, external customers and partners will be unable to access the site without obtaining login credentials. Login credentials can be obtained through a simple registration process within the site and further access to the D&B Direct+ documentation site will remain in good standing for the duration of the subscription term.

Internal users will be authenticated using single sign on (SSO) and will be able to continue accessing the site. The [Staging](#) documentation site follows a similar user experience.

An FAQ document is also created and published on [SalesSpot](#).

### Who to Contact?

In North America: users can go to <https://service.dnb.com> and use the Direct+ API tile to request assistance. Prospects will need to register for digital service center to log a support request.

For International: users can go to <https://www.dnb.com/choose-your-country.html>

Thank you for your continued commitment and focus on supporting positive relationships with our clients.

Sincerely,

D&B Direct+ Team

Upcoming
